加強非洲地區的 木球比賽和擴大發展

國際木球總會 翁明輝 會長

為了增加木球選手參加大型比賽的機會，由國際木球總會發起成立國際現代體育聯合會，鼓吹自創品牌並利用現有場館舉辦運動會的觀念，已被一些體育領導認同。所以今年七月(2018年)在北京首次舉辦海峽兩岸體育交流運動會，木球也是比賽項目之一。

木球在亞洲地區除了各國自己經常舉辦國內的比賽外，每年都有十場國際木球公開賽和亞洲盃及世界盃木球錦標賽，還有沙灘木球世界杯及亞洲沙灘運動會等比賽。但在非洲地區的國際比賽只有烏干達舉辦過第三屆世界大學木球錦標賽和五屆烏干達國際木球公開賽。所以非洲的一些優秀球員會遠道來亞洲地區參加比賽交流。

今年11月在台北召開的國際木球總會會員大會，烏干達提出申辦明年第二屆沙灘木球世界盃。基於讓非洲眾多木球選手能有機會參與大型木球比賽，所以大會通過給烏干達木球協會舉辦第二屆沙灘木球世界盃，亞洲各國木球協會也會盡量參與比賽和交流，共襄盛舉。

Strengthen and Enhance the Woodball Championships and Development in Africa!

Mr. Ming-Hui WENG
IWbF President

In order to increase the opportunity for the Woodball players to participate in international tournaments, the International Modern Sports Union (IMSU) was organized and established by International Woodball Federation. The concept to create a new brand and hold the games has been gradually recognized by some leaders of sport organizations. Therefore, the first Cross-Strait Sports Exchange Games for Taiwan and China was held in July of 2018 in Beijing, China and Woodball was one of the 13 events.

Except the usually domestic tournaments held by the members of IWbF, there are more than 10 international Woodball championships annually. Also, there are World Cup, Asian Cup, Beach Woodball World Cup, and the Asian Beach Games continuously. However, there were only the 3rd World University Woodball

Championship 2010 and the 5 times Uganda Woodball Championships from 2010 in Africa. That's also the reason the excellent African excellent Woodball players have to spend time in traveling to take part in the Woodball Championships in Asia.

This November, Uganda Woodball Federation proposed to host the 2nd Beach Woodball World Cup 2019 in the IWbF General Assembly 2018 which was held in Taipei, Taiwan. Considering increasing the opportunity for the African Woodball players to take part in the international championships, the proposal of hosting the 2nd Beach Woodball World Cup 2019 in Uganda was granted. Moreover, the athletes from the Woodball organizations in Asia will spare no efforts to participate in the said Championship and enjoy the event together.

Woodball Association Singapore

World Cup Fever is always with Woodball, as there were 2 Woodball World Cups in July 2018, one was held in Malaysia that exclusively for University Students, the other was held in Thailand that open for all Woodballers. Woodball Association Singapore (WAS) was lucky enough to hold the 18th Lion City Cup (LCC) International Woodball Open Championship from August 3rd to 6th just after the two big events, and there were hundred of participants around the world took part in Singapore.

During the period of LCC, Singapore was full of joy because the Lion City was celebrating 53rd National Day on August 9, just 3 days after LCC. Thus, we shared the whole nation happiness while we played woodball. In---fact Woodball sports started in Singapore since mid 90s, and we promote the game with 2E concept----- Environmental and Economical. Woodball sport is environmentally friendly that playable on greenly nature and sandy beach, it fosters health and

friendly competition. Woodball is also economically within everyone's budget where we need only a mallet and a ball to travel around the world and to enjoy the game similar with golf. It was my honor to be the Organizing Chairman of the 18th LCC and took the opportunity to thank our Guest---of---Honor Minister Mr. Iswaran, IWbF,

AWbF, VIPs, Sponsors, Advisors and members of the Organizing Committee for their efforts and contributions in making this event a big success. I also warmly welcome all woodballers elsewhere in the world to join our LCC 2019 that be held in the first weekend of August 2019. Cheers !

23rd Taiwan Open International Woodball Championship 2018

2018年第二十三屆臺灣國際木球公開賽

Venue : Taipei, Taiwan 臺灣臺北

Date : 22- 27 Nov. 2018

Organizing Committee

23rd Taiwan Open International Woodball Championship 2018

Taiwan Open International Woodball Championship had been organized 23 years. The annual Taiwan Open will be held in different countries, not only make players exchange and communicate with the overseas players but also introduce the different culture to every participant. Besides, the participants can also enjoy the abundance of delicious cuisine and the plenty of breathtaking scenery. These are the special features of visiting Taiwan. This year, the participants of Taiwan Open were from 14 countries including Hong Kong, Japan, Malaysia, Singapore, Korea, Thailand, Oman, Indonesia, India, and Taiwan. In addition, there are some participants from Africa including Uganda · Zimbabwe · Tanzania · Kenya. There were total 206 players.

This year, Taiwan Open International Woodball Championship 2018 and the Taiwan domestic election occurred coincidentally. When the

Organize Committee (OC) knew the date of Taiwan Open would be in the same day with the election, the OC had negotiated with the staff of Taipei Stadium and tried to reschedule the competition day. However, due to the full schedule of Taipei Stadium, there is no any other available date for the Taiwan Open. Therefore, the competition was postponed half a day in order to let Taiwanese players attend the tournament after voting.

This time, the Athlete Village and the Competition Venue was nearby, therefore, the players can attend the competition without any transportation and plan their own schedule. According to the timetable, the Opening Ceremony & Welcome Party was organized to welcome all the participants, and it was the most important moment in the championship. There were many interesting programs in the Opening Ceremony like Traditional Chinese Lion dance and Karaoke and everyone

enjoyed a lot. Many arrangements needed to be set up before the Ceremony including setting up the venue, the seats for all the guests, and the rehearsal of the show. We tried our best in order to make the good memories for all the guests.

The first competition was Single Fairway and it began from the afternoon of 24 November. Due to the tight schedule, the second day of the competition had to be organized from morning from 8 am to 9 pm. During the competition, there were many obstacles for the participants. For every participant, the new venue means the new beginning because of the difference of the place, weather, and the rival of the competition. These elements also test the players' proficiency no matter in which championships.

Time flies, the competition was finished smoothly and completely. It was all because everyone's cooperation and effort in these 3 days. All good things come to an end, the championship in Taiwan was successful and everyone enjoyed a lot. It's our honor to host you all and we look forward to meeting you next time in Taiwan.

32 Checkpoints to the Perfect Woodball Long Distance Drive Swing

Dr. Nick Chun-Ching HUANG

Department of Exercise and Health Science

National Taipei University of Nursing and Health Science

Woodball long distance drive swing include 5 basic skill : set up(7 checkpoints) 、takeaway(5 checkpoints) 、backswing(7 checkpoints) 、downswing(8 checkpoints) and follow through(5 checkpoints)

Set up: Your first step to creating a great swing is to get set up in an athletic set up. This is not a step you should skip as most players do. A poor set up gives you less of a chance to produce a good swing and yet is very easy to accomplish.

Here are 7 really simple checkpoints to build into your **set up**.

1. Feet about shoulder width apart
2. Ball positioned in line with your left foot.
3. Roll your ankles slightly inward so you are more anchored to the ground
4. Let your arms hang nice and relaxed
5. Head up so it forms a nice straight line with your spine
6. Elbows should be sitting directly beneath your shoulders
7. Turn the right elbow pit forward towards the woodball so you can make a proper takeaway

Takeaway: A vital part of the woodball swing is the takeaway which plays a huge part in the overall woodball swing. A poor takeaway makes a good woodball swing very difficult as it will require many compensations for you to overcome during the swing. However, a good takeaway lays a great foundation on the way to the perfect woodball swing.

Here are 5 checkpoints to get you the **proper takeaway**.

1. Keep the wrists neutral with no early break so the club remains on plane
2. Pull the right shoulder in towards your spine (2 inches of movement)
3. Push the right heel into the ground as you commence the takeaway
4. The right arm should remain as straight as possible to the end of the takeaway
5. You should feel your right hip and glute engaged if you've performed correctly

Backswing: Getting that perfect on plane backswing puts you halfway to completing the perfect woodball swing. The key is to ensure your backswing is on plane, which means your spine angle has remained the same from your set up right through to the top of your backswing. Get this right and you're in great shape to strike the woodball pure and solid.

foundation on the way to the perfect woodball swing.

Here are 7 checkpoints to get a great **backswing**.

1. As your wrists break at the end of the takeaway, a small amount of shoulder elevation
2. The right elbow will flex
3. If you're flexible enough you may have a bit more right arm rotation
4. Remember to pull your right shoulder back in towards your spine
5. Left arm will be parallel to the angle of your shoulders
6. Right elbow pointing towards the ground and your trail leg will be flexed
7. Don't forget the right side of your body should be pulling you into all of these positions

Downswing: Once you have mastered the entire backswing from start to finish, mastering the downswing of woodball is the next critical piece of the woodball swing. Remember: if you want the club to move towards the target, your body must be rotating in the opposite direction. It is the laws of centrifugal and centripetal force.

These are Here are 8 checkpoints to get you a great **downswing**.

1. Pulling from the left side
2. Shift weight to the left side, shift to the left heel (75-80% of your weight)
3. Right heel rolls in and still on the ground
4. Left heel, left glute engage and push them into the ground
5. Pull with the left oblique
6. No movement from the arms and shoulders
7. Flat left wrist at impact
8. Head behind the ball

Follow through: is the final piece in the perfect woodball swing. If you have done the other, four parts of the swing correctly the follow through will transition without really thinking about it. However, there is still some important moves to think about and you finish your new, powerful woodball swing.

Here are the 5 checkpoints to complete a great **follow through**

1. Continue to rotate through the shot
2. Continue to pull from the left
3. Keep your head behind the ball
4. Right hand crosses over the left
5. Maintain your spine angle by pulling through the shot

As you work through the 5 steps (32 checkpoints) you'll begin to see it's not that difficult to achieve the perfect woodball swing and see some incredible results.
