會長的話

## 親近自然的木球運動－珍惜大地 倡導東方價值觀的體育文化

國際木球總會翁明輝會長

第二次世界大戰以後雖然歐美少數民族(西歐與北美只佔世界人口的1/10)殖民各地已成歷史。但對體育文化等行為和無形觀念的影響尚存，尤其少數領導階層的崇洋行為和言詞，不知自己民族文化的優點，甚為可嘆！

觀乎體育世界，幾乎景從西方領導，東方國家體育專業人員藉此坐擁體育資源，政府不惜代價建設場館、培養選手，競逐於歐美設定的體育科舉比賽制度。每次奧運30幾種比賽項目的獎牌金、銀、銅牌各400多面，這些

比賽種類西方高手往往一人可得數面獎牌，東方國家選手偶得獎牌即誇大宣傳為國爭光充分表現弱國心態，甚為可嘆！

木球是以東方文化觀念發展出來的球類運動，東方文化注重的是天人合一，順其自然。木球以天地為場館，美化現成草地和沙灘地為球場，因此沒有兩個球場是一樣的，選手可揮桿於花前樹下或大海邊，有別於冷氣房內的運動和商業化的觀賞體育，也有別於以競技為重的奧運項目。所以，我們的目標不是成為奧運

項目，因為木球具有競技又休閒，健康加快樂的功能而且實用方便，所以我們朝普及全球的目標前進，也鼓舞具有東方特色的體育項目，大膽發展，結合新興國家有識之士，在體育世界和西方分庭抗禮。

木球是現代體育的標竿，木球的發展將促進東方體育世界自主發展。因此，木球運動當前的目標-壯大亞洲，扶起非洲(見NO.20 會長的話)可以跟其他新興體育項目聯合奮鬥。

## President's Message

# Get Close to Nature and Cherish our Land - Woodball Sport Advocating Sport Culture of Eastern Values

Mr. Ming-Hui WENG  
IWbF President

Despite different areas were colonized by Western after World War II became a history, there are still influences on the sport culture, such as, visible behaviors and also invisible concepts. In particular, it is debatable to see some xenomania have the leadership but have not enough idea about the merits of their own culture.

To view generally, the Western world take the leadership of sports world and the sports professionals of Eastern countries seize the chance to control and abuse the sports resources. The Eastern governments build facilities and training players at all costs all for the pursuit of the competition system established by Western countries. Every Olympic Games,

more than 400 medals each of gold, silver, and bronze of 30 disciplines are awarded. It is easy to see that the Western excellent athletes won several medals. By contrast, Eastern athletes award medals once in a while, it will be exaggerative promoted as the glories of the country. It reveals the weakness of Eastern people, which is lament.

Woodball is developed from the idea of Orient culture which emphasizes the peace between human nature. Woodball can fully implant the usage of the environment as it could beautify the greens and offing. Therefore, every single Woodball course for people to play is unique. Unlike other indoor commercialized sports and Olympic competitive games, Woodball can be played

under a tree or just beside the sea. Our goal is not about being one of the Olympic disciplines, our goal is to develop Woodball sport globally because Woodball is not only competitive and healthy, but also recreational and joyful. Moreover, we would like to inspire those Eastern featured sports to develop with boldness in order to compete with the Westerns.

Woodball is a model of modern sport. The Woodball development will facilitate oriental sports to develop autonomously. Therefore, Woodball is currently aiming to strengthen Asia and support Africa as our goal (refer to Woodball World 20 "President's Message"), which enable to strive together with other emerging sports.

# Hong Kong Open International Woodball Championship 2013

Mr. NGAI Chun Yin, Jeremey  
Hong Kong Woodball Association

It was my pleasure to express my feeling here. I had been participated in Hong Kong Woodball Open Championship for six years and this was my first time to win the championship. In the past few years, I utilized all my leisure and off-work time on Woodball. No matter being as a coach or player, I tried my best in every aspect and strive for

improvement at all time. I wish I could reach the highest level in Woodball in someday, and contribute to Hong Kong team to perform my best.

The competition was held in Hong Kong Chinese University and the fairways were set along the field. Different landscapes, slopes and unstable weather increased the game's difficulty, but I enjoyed to take the challenges and tried my best to overcome different situations.

I had well prepared for this tournament and both my physical and mental conditions were at the optimum level. I had adjusted my mind and found the rhythm to compete with other top players. Finally I won the gold medal in single, double and team events. I have to say thank you to my partner and

teammates whom give me supported in these years. Last, but not the least, the organizing committee were excellent in managing the whole events and make it a great success.

I wish I can defend the title next year and more foreign players could come to Hong Kong to join this event!

Thank you!

# Woodball's Friends "Wishing You Were Here in Chiang dao" and for those who couldn't make it, we hope you can do it next time

Dr. Patanachart KRIDIBORWORN  
President  
Woodball Association of Thailand

The Woodball Association of Thailand has the great opportunity to organize 2 events that was merged together the 6th Thailand Open International Woodball Championship and the 3rd Air Sea Land Games 2013 which has been held during 21 – 26 May, 2013 at Chiangdao Woodball & Golf Club, Chiangmai.

We sincerely thank you for all participants of this event and we expected that all activities besides the Woodball Games made you and woodball friends enjoy time spending in Thailand. This is the great thing we are concerned not only we have a grand competition but we still be cheerful and enjoyable also.

Chiangdao Woodball & Golf Club has developed to be a new permanent woodball course to challenge all the woodball lovers. It's located in Chiangmai province, the northern Thailand. It has beautiful landscape with the great mountain scenery, particularly the woodball course here has designed without OB lines. It made players had the new experience and new challenge for the woodball competition because

players can decide how to play in the different situation.

The most important thing that the woodball player should be concerned, not because of the competition results but the joyful, friendship, fairplay and unity of all the woodball family. We hope to see more and more people play woodball in the nearly future. As well as more and more woodball games are created and organize elsewhere. Then woodball will be an important tools to make people in good health and happiness. Therefore we are surely proud to ask anyone to "Let's play Woodball"

Looking forward to see you and our woodball friends around the world in Thailand next year.

## 5th Mongolian Open International Woodball Championship 2013

Dr. JARGALSAIKHAN Dorjsuren  
1st Vice President / Vice President  
Mongolian Woodball Federation / International Woodball Federation

Mongolia has received the honor from the International Woodball Federation to host the 5th Mongolian Open international woodball championship 2013 from 24 July till 27 July at the Ulaanbaatar city, Mongolia. This great event has been done successfully because of the good cooperation between Mongolian Woodball Federation and the International Woodball Federation.

We are glad to the number of participants increasing every year for the championship. This year about 80 players of 10 teams from Mongolia and Hong Kong participated for the Championship as events men's individual, women's individual, mixed double, men's double and women's double, men's team, and women's team.

Hong Kong Woodball team was the special team for the tournament. I would like to express my sincere congratulations to Mr. Munkhbat B. /MGL/ and Ms. Wong Nga Chun /Hong Kong/ who are studying many

years as Woodball sport and one of the best players won the stoke competitions with golden medals. I am very happy to emphasize the most of the winners were young and mostly students. The Championship was held in Woodball course at "Mongol Shiltgeen" at Gachuurt Village which is located 32 km far from Ulaanbaatar city.

Taking this opportunity, I would also like to thank all of the member countries who have participated in this Championship and this experience would be a memorable one for all of you. This Championship has helped promote this sport to be a well-known sport for the people in Mongolia as well as in many other countries.

I hope that the Mongolian Woodball Federation will receive the honor to host the international championships again in the near future. Thanks to everyone who supported and participated in the game.

We are planning to organize next 6th Mongolian Open international woodball championship in July, Ulaanbaatar, Mongolia in 2015. We will be happy to meet in there and welcome to Mongolia.

# The 18 and 80 of Woodball

Mr. CHONG Tien Siong  
Honorary Secretary  
Woodball Association Singapore

Woodball, its basic is wood. In Chinese writing character, wood (木) is a combination of 18 or 80. During the recent event of the 13th Lion City Cup International Woodball Open Championship, the age of the athletes varies, the youngest was almost 18 years old and the oldest was exactly 80. This again to explain the characteristics of Woodball is a game that has no age difference, and the competition for all ages is just extraordinary.

In Singapore, Woodball is developing as a community sport. Various Community Centers in the Lion City have their own designed Woodball courses, the activists are mostly senior citizens, they are actively participating national and international Woodball events, thus formed the code membership of Woodball Association Singapore. Over the decade, 80 likes aunties and uncles

have been enjoying lots of fun and cheers at the Clementi Woods Park Woodball course that manage by WAS.

A Woodball course has 12 fairways. The 13th fairway is always a new start for the next course. WAS in the recent event of the 13th Lion City Cup International Woodball Open Championship, has given a new thought to add in more competitive skill in the Woodball competition

and to bring out much more cheerfulness among the younger players.

Our next move of action shall base on the two directions as indicated by 18 and 80. The former is targeted at school, to attract more juniors in a way to add in fresh troops. The later is targeted at the community, as to continually promoting Woodball activities to cheer up the senior players.

# 17th Malaysia Woodball International Open Championship & 1st Malaysia Woodball Premier Cup Championship

We are very happy that the above Championships were successfully organized.

There were total participants 106 from 6 countries namely: 1. Chinese Taipei 2. Hong Kong 3. Japan 4. Singapore 5. Uganda 6. Malaysia participated the Championships.

The weather was considered very good except 2nd day afternoon with heavy rain forced to stop 2nd round of Ladies team and singles events.

The 1st Malaysia Woodball Premier Cup was introduced in conjunction with 17th Malaysia Woodball International Open Championship awarding cash prize for Men and Ladies Champion RM 5,000.00 each. The competition is played over 48 gates. The eligibility to participate is for all past top 3 winners in all past International Championships AND past Asian, World and Asian Beach Games held. It was truly very exciting throughout the competition. The objective is to promote high standard of Woodball Sports and to encourage good players to continue actively and for new comers to catch up in Woodball Sports.

We would like to take this opportunity to congratulate all winners and hope to see you again. To all participants, thank you very much for your strong support.

To all our faithful sponsors and organizing committee a BIG THANK YOU!

We would also like to take this opportunity to thank MSN for all the help given and DBKL for all the logistic support.

捷克全民運動協會Miroslav Zítko會長(左二)與國際木球總會黃俊清秘書長(右)交換禮物。

Over a decade, IWbF has put a great effort into Woodball development. Woodball workshop is one of development methods. Since 2001, IWbF has sent professional instructors to Abu Dhabi, China, Eastern Africa, Honduras, Indonesia, Iran, Kazakhstan, Kenya, Malaysia, Oman, Thailand, and Uganda. This year, IWbF planed to have interstate Woodball workshops in Europe, New Zealand, Brazil, and Uganda since May. So far, IWbF completed the workshops in Hungary, Czech Republic, and New Zealand. Next stops will be Brazil and Uganda.

## Budapest, Hungary – May

12th Budapest Grand Sport – Selection was the event we participated in as an exhibitor. The event was open for two days for schools, kindergartens, and family. We had a stand and Woodball demonstration to assist students and people understanding Woodball and also

had Woodball manipulation to facilitate participants familiar with Woodball. Participants very enjoyed playing Woodball. It was a very successful exhibition and demonstration.

## Prague, Czech Republic – May

After finished the exhibition in Hungary, we visited Czech Association Sport for All and Sokol Association in Czech Republic. Czech Association Sport for All is an organization on a recreational level of physical activities of all age people. Sokol Association is a traditional, historical sports organization which started with sports development in 1869. It combines sports for all as well as competitive sports. Woodball was introduced to these two major organizations and the officials who had a fun time during the introduction and practicing.

**Auckland and Wellington, New Zealand – July**  
Sport is a part of life of New Zealanders, which made these workshops more meaningful. The total of 6 workshops would be held in Auckland and Wellington, New Zealand. 5 of the workshops were organized at colleges and middle schools of Avondale Intermediate, Rutherford College, Mount Cook School, Paraparaumu College, Newlands College. Students were excited to get involve the sport. They tried to swing and gating. Every student was attracted by Woodball due to its playing methods even the teachers were playing together with students.

During the stay in Wellington, New Zealand, we not only visited schools, but also attended the conference of Physical Education New Zealand (PENZ) organized yearly. Also, we had a stand and small workshops at the conference. The participants were PE teachers from all areas of New Zealand. It was a very precious chance for us to participate in the event since all PE teachers were able to know Woodball during the conference period.

The teachers were open-mind for new sport. They had very high willingness to learn new things. They even had small and simple group competitions for Woodball. New Zealanders PE teachers were born for sport. They

picked up very fast and had a lot of fun of Woodball competitions.

Overall, all the workshops in Hungary, Czech Republic, and New Zealand were very successful. Participants have positive feedbacks about Woodball. They also realized that Woodball is not that simple as they see. Players need to practice to master. There will have two more workshops in Brazil and Uganda this year. We sincerely hope the workshops a success and Woodball will be popularized around the world. To become the member of SportAccord will be our short term target.

Last but not least, this mission was assisted by many organizations, especially from the Taiwan Embassies in Budapest, Hungary, Prague, Czech Republic, Auckland and Wellington, New Zealand. I, on behalf of IWbF, would like to take this opportunity to express thankfulness to Taiwan ambassadors who are Dr. San-Shiun TSENG from Taipei Representative Office, Budapest, Hungary, Ms. Christine M. Y. HSUEH from Taipei Economic and Cultural Office, Prague, Czech Republic, Mr. Elliott Y. L. CHARNG from Taipei Economic and Cultural Office in New Zealand, and Mr. Robert H. C.
