To be Continued

疫情時代下的佈局及未來

國際木球總會 翁明輝 會長

今年因為疫情的關係，讓世界改變了，也影響了大家的生活形態。我們少了出國參加比賽及見老朋友的機會，大家只能用社群軟體來聯絡。今年的會員大會也以視訊的方式進行，也感謝大家的合作讓會議順利進行。

會議中討論了接下來四年的委員會名單，還有由中國木球協會提出申辦的2022年第十屆世界盃木球錦標賽。中國在辦理過2017年第十屆亞洲盃木球錦標賽及2014年第六屆世界盃木球錦標賽，相信他們有一定的能力將這次的世界盃辦好。

今年除了泰國辦理的泰國公開賽之外，其他國際賽事都暫停了。也因為沒有辦法出國比賽和大家交流，大家都還是很努力地在進行國內的活動。像是泰國的壯年運動會木球項目、馬來西亞辦理的裁判講習會、印度辦理的木球大學盃、以及臺灣辦理的翁祿壽盃。

我希望天下早日太平，我們又可以繼續參加國際比賽，大家又可以在球場談笑揮桿，最後祝福大家健康快樂。

The Blueprint and Future When Facing the Pandemic

Mr. WENG Ming-Hui
IWbF President

Due to the COVID-19 pandemic this year, we are facing the big challenge in the world and it definitely affected the life pattern of everyone. Without the chance to travel, participate in the international events, and meet friends, we only can communicate with each other by the social media. The IWbF General Assembly 2020 was also organized by Visual Conference and I appreciate for everyone's cooperation to smooth this important event.

During the General Assembly, not only the members of IWbF working committees, but also the proposal from Chinese Woodball Association for bidding the 10th World Cup Woodball Championship 2022 were discussed. Chinese Woodball Association had the experience in organizing the 10th Asian Cup Woodball Championship 2017 and the 6th World Cup Woodball Championship 2014, therefore, I believe they have the ability to organize the 10th World Cup Woodball Championship 2022 well.

This year, except the Thailand Open 2020, other international Woodball events were cancelled or postponed. Owing to the difficulty in traveling and participating in the international Woodball events, most of the member associations put the effort in holding the domestic events, such as the National Master Games Woodball discipline held by Woodball Association of Thailand, the Referee Conference organized by Malaysia Woodball Association, the All-India University Woodball Championship hosted by Woodball Association of India, and WENG Lu Shou Cup 2020 held by Chinese Taipei Woodball Association.

I anticipate everything will return to the routine as soon as possible and we can keep enjoy playing Woodball and communicating with friends in the international Woodball championships. I wish everyone stay healthy and enjoy your days.

12th Thailand Open International Woodball Championship 2020

2020年第十二屆泰國國際木球公開賽

Venue : Chiang Dao, Thailand 泰國清島

Date : 10-25 Feb. 2020

Dr. Patanachart KRIDIBORWORN
President
Woodball Association of Thailand

The 12th Thailand Open 2020 has been conducted during 10th to 15th in Chiang Mai, Thailand. It was a successful one we are proud since the players enjoyed the game held at Chiang Dao Woodball Courses. Thanks for the participation of the team from Hong Kong, China, Malaysia, and Pakistan. It was indeed fulfilled the game to be the International standard. The courses here have been developed continuously to make them challenging to the players along with the beautiful scenery and nice weather of the northern of the Kingdom of Thailand. We are looking forward to having many other countries to have experience

and enjoy the Woodball game once again in the nearly future. Finally, I would like to salute and send my sincere gratitude to Mr. Weng Ming Hui and family who invented the Woodball to this World. Thailand has prepared to support the Asian Beach Games in China, the Woodball World Cup in Malaysia, and other international events whenever we can. Wishing you all the successful new year to come with the healthy, and happiness all year round.

Yours Sincerely,
Patanachart Kridiborworn

Woodball — Good for Physical and Mental Health

Dr. Nick Chun-Ching HUANG
Department of Exercise and Health Science
National Taipei University of Nursing and Health Science

Woodball otherwise known as green exercise—which emphasizes the importance of combining exercise with an outdoor activity. Woodball courses, even those in the city, are usually situated in attractive locations with green rolling hills, ponds and well-maintained fairways.

Pleasant landscapes produce a greater positive effect on one's self-esteem than just exercising alone, for example in a gym. So, after a long day at the office, a few hours at a well maintained woodball course could do heaps for your well-being.

Woodball isn't just reserved for nice sunny weather either – no, it is a game that can be played in all sorts of conditions, especially if you want more of a challenging woodball game.

It is seen as a given that physical exercise has many benefits – in particular on our physical health, but aside from calories burnt, we tend to forget that sport can also do wonders for our mental health. Woodball is a perfect example – it promotes social interaction, requires concentration and focus and is played outdoors, often in attractive lush settings. Furthermore, it is a sport that is suitable for almost everyone due to its moderate activity level.

Physical

Although woodball is seen as a moderate form of exercise, in an 12-fairway game, players can walk more than 1,000 steps or around 1 mile. The distance walked is important as the NHS recommends at least 150 minutes of moderate activity a week – in the case of woodball, this is easily achieved in 3 rounds.

Being able to twist your body and having the strength and power to hit the ball long distances is necessary to play well. The quote “a healthy body makes a healthy mind” is therefore very appropriate: the fitter and more physically able you are, the more positive you feel in yourself, and the happier you feel.

Mental and Socializing

Woodball is a sport that promotes sociability; players often team up in pairs or play with up to 3 other individuals. This provides individuals with the opportunity to meet others, make friends and enhance relationships and avoid feelings of isolation and loneliness.

Relaxing outdoors and interacting with people is reported to reduce your stress levels – this keeps blood pressure at normal limits and reduces the risk of a stroke.
